

ADDITIONAL QUALIFICATIONS (AQ) OUTDOOR EXPERIENTIAL EDUCATION (SCHEDULE C)

PROGRAM OVERVIEW

In keeping with traditional Anishinabek pedagogical approaches to education, the learning in this course models the content of outdoor experiential education in that much of the teaching and learning is experienced outside of the classroom; this will provide candidates with a model they can take with them to their own teaching.

Additionally, and most significantly, is the participation of local community members and Elders whose guidance can counsel both the instructors and candidates in their progressive learning throughout the course. There will be fluid movement between the virtual classroom and the outdoors: candidates will be provided with the opportunity to learn with knowledge holders and Elders and/or resources from community members in the virtual learning space.

ADMISSION REQUIREMENTS

The AQ – Outdoor Experiential Education course is 125 hours; open to candidates who meet the entry requirements identified in the Teachers' Qualifications Regulation. Successful completion of this course will be recorded on the candidate's Certificate of Qualification and Registration.*

**Additional Qualifications (AQ) courses are intended for holders of a General Certificate of Qualification and Registration (CQR), including individuals who are certified with conditions. Ontario candidates who do not hold a certificate, transitional and temporary certificate holders, and others may be admitted to AQs, when specific requirements and limitations have been followed. In light of the COVID-19 pandemic and the disruption to services, the Ontario College of Teachers has revised its practice of requiring certification with a General CQR before the end of the course as long as all those being admitted/enrolled into AQs have completed their program of professional education prior to enrollment in the course.*

SESSION DATES

Location: Online/Remote Learning

July 12-30, 2021 (synchronous learning)
(Mon-Fri, 8:30 – 4:30pm daily, with scheduled breaks)

+ final assignments and asynchronous learning (35 hours)

Total: 125 hours*

* Course will include a combination of synchronous and asynchronous hours to total 125 hours required for the course.

TUITION FEES
